This app was working good at first but after a few days it just would work my photos would not load I tried restarting the app and EVERYTHING. But it's not working. Also it's not a very pro editing app it's pretty basic. It's not bad but not what the its telling you. So If you could fix the the weir

Great app I us it to spruce up all my art work. The ads aren't to bad and everything you really need for a good photo editor is free. The layout is pretty nice and with only a little bit of time you can figure out anything you need to. I really dont have any complaints. I would give it a 5 star rati
