★★★★★ **One of my best purchases**

I love these watercolor pencils.. they are vibrant like the intense pencils but less money. I use them to watercolor on rocks so they seal beautifully.

★★★★★ **Great product at a Great Price**

Reviewed in the United States on October 6, 2018

**Verified Purchase**

I have a set of Albrecht Durer watercolor pencils and a set of Derwent Inkntense as well. These were so inexpensive I had low expectations but I thought they would be good for travel. They are not only great for travel, but they are great watercolor pencils. They are soft and go on very smoothly and dissolve easily on paper. I love the pouch they come in and the color assortment is wonderful! I find myself reaching for these again and again. Great Value!

★★★★★ **Rich colors that will serve beginners as well as "pros."**

Reviewed in the United States on October 27, 2018

These pencils make a smooth line and are easy to use at a slant to cover sizeable areas. The colors can be applied delicately or pressed heavily into the paper. There are "rules" about watercolors but I make up my own rules as I go along. The one rule that should be adhered to is the use of good quality, watercolor paper.

I am new to the watercolor medium though I have a lot of drawing experience using graphite and Prismacolor pencils. My new pencils have made it easier for me to venture into watercolor work.

These pencils are fun to experiment with. I just make marks and follow with my wet brush merely to see what happens. I plan, at some point, to combine the watercolor pencil effects with Prismacolor.. just allowing the paper to dry before working back in with the colors that I long have used.

These watercolor pencils come with a soft "case" that rolls up and snaps with the pencils inside. This feature is of no particular value to me since a strong rubberband serves me quite well. After all, most

★★★★★ **Dual purpose art supply**

Reviewed in the United States on June 13, 2018

**Verified Purchase**

Love my new watercolor pencils ! I was unfamiliar with this type of art supply . Because I am newly retired I have the opportunity to try some activities I've always wanted to try including many different art mediums . The watercolor pencils allow me to sketch and experiment with watercolor too . I am pleased their dual purpose. I was also pleased with the included pouch which handily stores the pens and has a conveniently placed spot to add a couple of brushes . I can stick it in my purse and take it with me easily. Then all I need is some paper and maybe a cup of water .

★★★★★ **Lovely colors and pigment lay down when using water. Great case included and the price is affordable!!!**

Reviewed in the United States on March 21, 2018

**Verified Purchase**

I really like the watercolor pencils. They can just be dipped in water and glide over areas of your work and it looks like you used a colorless blender. The jacket is great to throw in your purse and go and know the colors will not fall out. I would recommend these to anyone aspiring to do color work or become an artist.

The price was not bad or as high as some of the pencils out there that will never be in most people's budget.

★★★★★ **These are the best quality watercolor pencils I will ever want or need!**

Reviewed in the United States on July 19, 2018

Soft and smooth as my Prisma Premiers , they are the best watercolor pencils I ever see myself needing, and I have 36 Inktnse. They are beautiful both dry and washed out, blend perfectly with a great pigment load. No, no one is "Just Sayin" these are awesome. They really are! I just hope that they go open stock so I wont have to buy Faber Albregt Duehr to replace favorite colors!
