

The Stone Soup Leadership Institute's Young Heroes Fund

On June 26, The Stone Soup Leadership Institute is Pre-Launch Book Party for the new book, ***Stone Soup for a Sustainable World: Life-Changing Stories of Young Heroes***. It features 100 climate change activists, education champions, change makers, green entrepreneurs/inventors, trail blazers, next gen philanthropists and intergenerational/legacy stories who are all working to build a more sustainable world.

In order to support these brave young people, we want to create the **Young Heroes Fund**.

16th Sustainability Summit

Throughout this weeklong intensive leadership training, the Summit youth delegates (aged 15-18) will envision and develop action plans to realize their dreams for building a more sustainable world. We expose their young minds to inspiring leaders, opening doors and expanding their horizons. The Summit provides promising youth delegates with an opportunity to form lifelong connections, learn about sustainable career paths while working directly alongside the leaders of today. They are empowered to become representatives of their communities and lightning rods for positive change, creating a multiplier effect to build a new generation of leaders.
