

The editor displays two views of the website. The desktop view on the left shows a large, dark silhouette of a person's head filled with a blue and white starry pattern, with the text 'MANIFESTED THOUGHTZ' at the top. The mobile view on the right shows the same design scaled for a smartphone, with a hamburger menu icon on the left and a shopping cart icon on the right. Above the mobile view are 'Edit Site' and 'Publish' buttons.
