

## MM-24 MICROBRITE™

[DESCRIPTION](#) [SPECS](#) [CASE PACK INFO](#) [FREIGHT CALCULATOR](#)

The MM-24, MicroBrite™ is a 20x-40x zoom pocket microscope. Super-bright LED light illuminates your viewing subject to ensure a clear, bright image. View your object at 20x magnification or zoom in to an impressive 40x magnification to see even the finest details. Simply place the MicroBrite™ zoom pocket microscope directly on any subject to see a magnified view or use the included base to view specimen slides. The MicroBrite™ is so compact and portable you can bring it with you anywhere. The microscope comes complete with pocket microscope, 2 slides and base stand.
