[Description](#) [Reviews \(0\)](#)

SLIM, LIGHT, TOUGH & FLEXIBLE. Years of customer feedback, research and development, has gone into this slick, practical design. Our patent pending YWFVBQO pouch is small, lightweight and durable with an easy-to-open mouth.

MANY OTHER USES. As well as preventing your car from theft, YWFVBQO pouches also help prevent accidental boot and door unlocking while squeezing your fob into your pocket or purse or unintentional knocks, leaving your car wide open unintentionally. YWFVBQO pouches also protect credit cards and all other RFID devices.

MADE FROM MILITARY GRADE MATERIALS. YWFVBQO pouches are RoHS compliant and use only the highest grade German military specification attenuation materials that reduce signals by up to 100dB. We use multiple layers of this material to provide our famous best-in-class protection for when you need it the most.

A CHOICE YOU CAN TRUST. There are many cheap imitations out there that are either unreliable or simply don't work. Your car and contents are too valuable to risk protecting with anything but the peace of mind that comes with a YWFVBQO brand security pouch.
