1. HIGH ACCURACY: This Glucose Meter adopts the newest global standard ISO 15197:2015 and the world's leading 8 electrodes test strips, reducing the testing error to less than 15%

2. HIGH STABILITY: It has the most advanced premium GOD and GDH-FAD enzymes, reducing common interference such as maltose, galactose, xylose, oxidation, temperature and humidity. The test strips are stored in a special bottle to further eliminate impact of humidity and temperature

3. KEEP TRACKING DATA - It can mark pre/post meal results and save averages of 7, 14, & 30 day. Large memory 900 readings can record blood sugar level for at least half a year. Humanized 5 alarms can remind you to measure on time

4. WIDELY USE - The range of HCT increase to

as makes pregnancy, anemia, blood suitable for
your whole family for daily health test and glucose control

5. EASY OPERATION: Adjustable lancet with 5 depth settings to maximumly reduce the pain. The glucose monitor only takes a tiny 0.5µL blood sample and 5s to read results. Single touch strip ejection, control solution and large screen make it easy to use for everyone
