About this item

- ✓**ROLLO COMPATIBLE:** these 4"x6" thermal labels are compatible but not limited to Zebra, Fargo, Elton, Datamax, Sato, Intermec, NEX and other direct thermal printers
- ✓**PREMIUM QUALITY LABELS:** our 4x6 thermal labels are made from the highest quality material to ensure high-resolution prints and fast processing; water/ grease/ alcohol- resistant material for extreme durability
- ✓**ULTRA-STRONG ADHESIVE:** super permanent adhesive to almost any box or mailer, including the corrugated boxes and envelopes, perfect for commercial users and sellers to print custom labels, barcodes, fba labels
- ✓**VERSATILE USES:** these perforated usps shipping labels works with UPS, FedEx, DHL, USPS and also ideal for personalized labels, barcode labels, amazon shipping labels, ebay shipping labels and shipping labels for UPS, FedEx, USPS, DHL, ebay, Etsy, Shopify, Bigcommerce, and Paypal
- ✓**4" x 6" FANFOLD LABELS:** each white blank mailing label is 4 inches by 6 inches, 500 labels per stack; 1 stack included in the package, 500 fanfold labels in total; Notes: If your label is not very sticky, it is recommended to put the label in an environment with a higher temperature for a period of time, so that the temperature of the label material itself will rise, so as to recover, and it can be used normally

Product Description

500 4x6 Direct Thermal Shipping Labels for Rollo Thermal Printer

Advantages of Fanfold 4x6 Shipping Labels

- Using **Fanfold Labels** Instead Of Rolls Reduces Time Spent Loading New Labels Into Your Printer, Saving Time and Money
- Help **prevent grease, moisture, and other damage** from ruining them, and the bright white color makes it easy for black text to stand out.
- With a **permanent adhesive** on the back, these labels stay firmly in place, while the **smudge-free design offers clear, readable titles. will not detach during shipping**
- 500 labels per stack, it will save more space than 2000 or more labels. You don't need a big table to set printer and labels.
- Printing is just as dark and black. Perforations split well and labels dont curl and stick very well to envelopes.
- No need to buy dispenser, just use the packaging box as a dispenser behind the printer.
- The labels have plenty of adhesive when they are applied to a package. The size per roll is perfect and is easily setup to work with the rollo

Outstanding Features

Permanent Adhesive Shipping Label

- Super permanent adhesive to almost any box or mailer, including the corrugated boxes and envelopes
- Sticky shipping label for avoiding words losing when transporting

4x6 Thermal Label for Rollo, UPS, USPS, FEDEX

- 500 FANFOLD LABEL is Perfect For Your **Zebra, Datamax, Sato, or Intermec Thermal Printer**
- They're not limited to shipping either - these versatile labels can be used all around your office or home - for labelling boxes or spices,

Waterproof Adhesive Shipping Label

- Smudge-Free and Resists Scratches, Water, Dirt, Dust, and Grease
- Labels backed with strong self-adhesive, will not detach during shipping

★★★★☆ **Careful if you have a Rollo Printer**

Reviewed in the United States on October 21, 2019

Size: Fanfold 1 Stack 1000 Labels | [Verified Purchase](#)

I have two Rollo printers for my small business. Never had an issue with them. Until these labels. Suddenly my printers were jamming or the labels were sticking to the thermal head. I thought it was a driver or thermal head issue and worked with Rollo Support for a week trying different drivers, cleaning the heads etc. Same thing.

Finally I remembered my Rollo Printers came with short strips of sample label. I pulled out original boxes, grabbed them and put them in my printers. Perfect labels.

Turns out it was these crap labels. So much frustration. I see reading the reviews here, I'm not alone. A lot of Rollo users seem to have experienced the same issue - seems to be luck of the draw when it comes to getting a good or bad batch. Not worth the headache for me.

★★★★☆ **THESE CHANGED**

Reviewed in the United States on October 9, 2019

Size: Fanfold 1 Stack 1000 Labels | [Verified Purchase](#)

I bought these earlier this year and they were perfect for my Rollo printer. This recent re-purchase is different. They get stuck and it ruins multiple labels per batch. Massive waste of time if you buy these!

Out of 18 labels I just printed, three of them were unusable because the labels got stuck during the print process. The first one I reprinted got stuck again and I had to reprint again. I'm not dealing with this through a box of 1k labels. Returning them for a different brand.

★★★★☆ **Impossible to tear off without ripping**

Reviewed in the United States on September 10, 2020

Size: Fanfold 1 Stack 1000 Labels | [Verified Purchase](#)

I got these these labels to use with a Rollo thermal printer for my Etsy business. Even though I still have well over 500 labels left, I am going to toss these and order the Rollo brand. These labels are practically impossible to rip off the printer, or away from other printed labels, without ripping. ALSO, I left a bunch of packages in my hot car's trunk while running errands one day, and when I got to the post office I discovered that the portion of the label that was covered with clear tape had become completely bleached by the heat, obscuring a good amount of the USPS barcode and address on all of my packages. I had to reprint close to 50 labels and it took me so long to adhere the new labels to their corresponding package. Don't waste your money, or sanity.

★★★★☆ **Work great! Wish they came in a box just once**

Reviewed in the United States on June 22, 2019

Size: Fanfold 1 Stack 2000 Labels | [Verified Purchase](#) | [Early Reviewer Rewards \(What's this?\)](#)

These work like a dream. Did not waste a single label. My only wish is that they would come in a box. Even if they offered one in a box for a little more money. You'd only need to get the box once. They slide around on the desk, and when the stack is tall, anything that bumps the stack will spread them out, so that I'm often realigning them with the printer.

RG

★★★★★ **Not adhesive**

Reviewed in the United States on December 3, 2020

Size: 4 Rolls 1000 Sheets | [Verified Purchase](#)

I bought these label for the first time a year ago and they worked so good so I bought 2 packs this time so it would last me through Christmas. I dont know if they changed their manufacturing or what but these labels suck now. They do not stick and they curl in on themselves please see picture. I even ran a credit card over each and every label to ensure it would stick but if I put too much pressure they would just slide off the box or one side would pop up while the other stayed down. I'm sad I wasted money on these because now I have over two thousand of bad non adhesive labels going to the trash.

★★★★★ **The worst!**

Reviewed in the United States on June 19, 2019

Size: 4 Rolls 1000 Sheets | [Verified Purchase](#)

The WORST labels I've ever used. Tried it on my DYMO 4XL and it keeps jamming or not stopping at the right spot. My picture is me trying to print 1 label!

Trash!

★★★★★ **DOES NOT PRINT WELL**

Reviewed in the United States on November 18, 2020

Size: Fanfold 1 Stack 500 Labels | [Verified Purchase](#)

The paper isn't as smooth as other brands and does not print dark enough. Lots and lots of splotches. I've had issues shipping items at USPS because of print quality. I've had to reprint labels multiple times (like 10x for each shipping label), compare all of them to each other to pick the best print out in order for me to be able to use these. I've even tried bringing in the labels into ADOBE CC to fidget with the settings with no avail. Also these are slightly thinner than other brands. (This doesn't bother me but just wanted to make you aware if it's something you care about.)

I have ZERO issues with other labels. Other brands print perfectly - nice and dark.

Note: I use a ROLLO

★★★★★ **These are amazing quality! I'm using these with my Rollo printer**

Reviewed in the United States on January 26, 2018

Size: Fanfold 1 Stack 1000 Labels | [Verified Purchase](#)

These are amazing quality! I'm using these with my Rollo printer, I have to say these are way better than the Rollo branded labels and at half the price too!
