

**GLOVES SIZE CHART**

Measure the circumference of your flat hand around the widest part of your palm (not including the thumb).  
Our gloves are generally snug-fitting. If you prefer a loose fitting glove or you are in-between sizes, we recommend you select larger than your usual wear.

- Keep warm in winter: Winter gloves are made of high-quality thick-layer windproof materials. The inner side of the gloves is lined with warm cashmere and breathable film to keep your hands warm in winter.
- More convenient design: The winter gloves have an extra back waterproof zipper, which is convenient to wear and take off, and the cuffs are slippery and comfortable, without restricting your outdoor sports and movement. Zipper design makes gloves more suitable for most people's hands.
- Anti-slip design: Anti-slip and wear-resistant PU provides better grip on the palm of the glove, and the grip makes the connection between the steering wheel and the glove stronger. Provide security for your travel.
- Unique touch screen technology : The fingers of winter gloves are made of high-quality conductive corrugated PU, allowing you to use smart phones and touch screen devices freely without taking off your gloves when doing housework, outdoor sports and playing games with your family.
