KEY FEATURES

- Are You Afraid of Shaky? Cross design for greater stability. Of course, that's not enough. You can see the bottom of the table legs. They are bigger than other tables. It means that the camping table legs have more space to touch the ground. All the details improve the stability of the camping table. I believe that you will not feel shaky when you use it.
- Large Weight Capacity : If cutting on the table is unreliable, I think that's not a good table. But this table is made of high quality aluminum, the table can support up to 110 lbs /50 kg. You can cutting and cooking safely without worrying about the table get damage. It is sturdy enough (You can even sit on the table, of course, I'm joking. But it's hard to find out a camping table that can support 50kg like ours).
- Portable Camping Table: This table can be quickly divided into several pieces, which can be packaged small into a storage bag for easy carrying. It is convenient to carry and store wherever you go. Compared to oxford cloth table, our aluminum table is waterproof, moisture-proof and easy to clean. It is great for outdoor activities such as picnic, hiking, camping, travel and barbecues.
- Easy to Use and Store & Extra Mesh Pocket : Thanks to the snap-together design, you can easily set up or pack up the table in minutes with no tools required. The mesh pocket stores your belongs or other small items, such as keys, phone, earphone, knives and forks. This table is convenient for all your outdoors activities. Easy to clean, fold, pack and go!
- Large Size of Tabletop: The size of the tabletop is 20.87*20.87in / 53*53cm, so it can hold a lot of things such as food, water, knives and forks. Large size of tabletop make it perfect for meals and card games.
