★★★★★ **New goto filament ! You'll be very happy**

12/14/20I've tried other matte blacks and they aren't matte. This is matte even after the print. I did have to lower my nozzle to the bed to get good layer stick. But other then that I'm very happy. I hope he comes out with more matte options.

12/17/20. No stringing, 1st prints were at temp of 220, then 205 and now 195. At all of these temps layers have stuck together very well.
