## Description

**【Made of 12 UVC Chips】** : Our UV sanitizer wand is equipped with 12 UVC chips. According to approved laboratory research, the UVC ultraviolet light will damage the DNA and RNA of Harmful Substance so that they can't reproduce and die. Our disinfection stick can kill 99.99% Hazardous material.

**【5s Fast Sterilization】** : Turn on the UVC light sanitizer wand, just sweep the UV disinfection stick over the object what you want to clean and the surface of the object can be safely cleaned within 5-10 seconds without damaging the surface of any objects, no residue, no odor.

**【Widely Application & Easy to Use】** : Just one-click and scan, Mocalido ultraviolet disinfection stick can provide all-round protection for you and your family. It is suitable for home, hotel, office, school, factory, shop, supermarket, restaurant, pet areas and various places and also can be used for the surface of various objects such as sofa, bed, bathtub, door handle, towel, mobile phone, keyboard, toy, children's articles and personal goods.

**【Easy to carry】** : Our UV wand is compact & lightweight. It is made of high-quality & eco-friendly ABS materials, adopts intelligent energy-saving battery. Just one click to disinfect and it will be automatically closed within 3 minutes. It can be easily stored in a handbag, backpack or suitcase. You can take it anywhere and disinfect anytime.

I love the LONG length of this wand! Quickly covers a much bigger area and less time than other ones I have seen!

Great product, easy to carry and easy to use. Just turn it on and hold onto the item you would like to disinfect. I'll usually hold 10 seconds or longer to make sure my keys are clearly virus free.
