Product information :

The Light Bulb is a color-saving energy-saving smart LED light with Bluetooth function, with built-in speakers, which can be controlled by a smartphone or tablet to play music.

Using the remote control (no application required): You can manually adjust the brightness and light switch. Dimmable and music, equivalent to a 50-watt halogen bulb, can save 85% of electricity costs. You can also choose RGB mode, flash / flash / fade 3 color models.

Newly Upgraded Speakers: When the speakers are connected to a power source, they will make a sting sound, indicating that they are working properly (if there is no sound, please contact us in time to prevent the speaker from malfunctioning). Bluetooth supports high-quality music playback, and you can enjoy music anytime, anywhere. Take it easy.

The Spherical light source is more suitable for bedrooms, wardrobes, corridors, festive

decorations, entertainment venues, etc. Holiday lights, adjust the atmosphere, relax and reduce stress, create a romantic atmosphere.
