Product description

High quality materials: all our balloons are made of high quality materials, durable, non-toxic and harmless. Choosing our birthday decorations can not only bring surprise to family and friends, but also bring safety and health to you and your children.

Suitable for all occasions: Party Balloon suit, suitable for your party decoration, birthday, wedding, Baby Baptism, graduation ceremony, festival decoration, anniversary, celebration, opening ceremony and other occasions.

Create a romantic atmosphere: to make your party more attractive and romantic, you can hang banners and balloons on the ceiling, install them on walls and windows, or use them as table decorations to decorate your birthday party.

Safe use: This product does not contain an aerator. Please inflate yourself after receiving the goods. Do not over heat, and avoid overheating the balloon. Strong winds or strong winds can cause explosions. It is recommended for children over 6 years old.

Reminder: latex balloons and aluminum foil balloons can only float in the air under the action of pure helium. If only air is used to inflate the balloon, it will only expand rather than float. Please tighten the ribbon. If the ribbon is too loose, the balloon will leak quickly. Inflate the balloon gently and slowly.
