★★★★★ Exactly what I wanted

Reviewed in the United States on November 6, 2020

Size: 48ft | **Verified Purchase**

We're adding a pergola to our backyard and I want to string lights from posts in the ground, the eve of the house to the pergola. I ordered these lights with the idea that if I didn't like the way they looked in person when turned on that I would return them. But if I wound up liking them then I would go ahead and order two or three more sets because I would need quite a lot more than 48 ft to accomplish the light pattern I'm trying to go after which is a triangle pattern. These lights are LED bulbs so they won't use as much electricity as a normal light string would when turned on. I can honestly say that I'm very happy with the way these lights look after plugging them in and I am going to now order two more sets to get my patio upgrade completed. I definitely am happy with these lights and recommend them.

I also ordered the Byshun Outdoor Light Hanging Kit, Globe String Light Suspension Kit to suspend these lights on and keep them nice and tight. I definitely recommend that kit to be used with hanging these lights so that they don't sag in there nice and tight.

★★★★★ Very bright for a small bulb

Reviewed in the United States on December 13, 2020

Size: 27ft | **Verified Purchase**

I have a backyard that doesn't have any outside lighting so we finally decided to put some lighting outside and we loved the look of the patio lights. These are great to start with. They are bright which is what we need. It's 27 ft long. The bulbs are not too big so we can manage them better especially if I want to place them back into the box. they also includes 2 extra bulbs in the box for the total of 4 extra bulbs. It's not solar so they

Do need to be connected to a plug. I absolutely love them and will be ordering more.

★★★★★ **Beautiful!**

Reviewed in the United States on January 7, 2021

Size: 48ft | [Verified Purchase](#)

My husband and I had been shopping for lights for our backyard for a while. It's something we've been wanting ever since we got our yard landscaped, but just kept putting off. I came across these lights while shopping for Christmas presents and got the 24ft one for my SIL and her dude. We figured we'd wait to see how it looked in their yard first before we got some for ourselves. Went to their house the following week and the lights looked awesome. The length was perfect for them and it looked SO pretty. I went back and ordered the 48ft one for ourselves and just put them up last night. I've gotta say, it looks even better than my SIL's because they were long enough to drape back and forth. Such a good product at a super low price!!

★★★★★ **Great replacement for incandescent string lights**

Reviewed in the United States on November 11, 2020

Size: 27ft | [Verified Purchase](#)

I replaced a string of incandescent bulbs on my porch with a string of these LED's. I really like that the lights are spaced two feet apart instead of three like some other brands. The light color is warm and looks just like the old incandescent bulbs. The bulbs are glass, which is good for the outdoors since it won't be affected by UV exposure like plastic, and it comes with four extras and a spare fuse. Highly recommended.

★★★★★ **Warm white light. Gorgeous**

Reviewed in the United States on November 3, 2020

Size: 48ft | [Verified Purchase](#) | [Early Reviewer Rewards](#) (What's this?)

These came packaged very well. Each bulb protected by styrofoam. They are really pretty. There is a hook on each bulb for easy hanging. I'm going to hang these on a clothesline over my patio. First I want to arrange the line perfect then hook on the lights. There are 2 replacements included in box.

★★★★★ **The lightning is perfect**

Reviewed in the United States on November 19, 2020

Size: 27ft | **Verified Purchase**

I did a quiet lot of research before I bought it. Looking for the best lights for decorating our fruit trees around our pool. It was serious because this year we won't do much on holiday time because of covid, so at least we should enjoy around a house. Therefore, These lights met my expectation of being festive. The Lightening is perfect feeling warm and bulb sizing is not big but not too tiny what I exactly want. So, it passed my test, I should buy more for decorating all of our trees. Recommended to others.

★★★★★ **Illuminates our patio nicely**

Reviewed in the United States on November 28, 2020

Size: 27ft | **Verified Purchase**

The thickness of the bulbs on this set will amaze you. I've dropped them a couple times and they bounced up and didn't break ! They are durable and can withstand rain and snow. The 27 feet long string is really long and can reach from one side of the house to the other with no problem. They are very bright and light up the patio beautifully. In colder months we spend more time in the closed in patio and this illuminates it very nicely. Great choice !

★★★★★ **Love them!**

Reviewed in the United States on November 19, 2020

Size: 27ft | **Verified Purchase**

Love these lights! Perfect fit for my little front porch! I love they came with extra bulbs too just incase. They were carefully wrapped in foam in the box. They easily came out and were super easy to hang. Perfectly spaced apart where I could easily get them out the box without breaking or dropping them. They light up just perfectly for night time.
