- PD 60W Fast-Charging Technology - VTONCE P201 uses fast-charging technology, which can efficiently to charging devices while connecting USB PD 60W output. Equipped with a dedicated fast charging data cable, you can quickly charge the equipment you need anytime, anywhere.
- Support Multiple Devices Charging: VTONCE Portable Station has 3 x USB Type-A (1 of which supports fast charging), 1x100W USB Type-C, 3 x DC output terminals, 2 x AC outlet output (frequency 60Hz). The size of the power station is small and light, easy to carry, very suitable for the daily needs of the school.
- MPPT Control Design - When charging from the solar panel, the MPPT (control device that automatically maximizes the power generation output) function is installed, so it can be efficiently charged from the solar panel. It can be used in an emergency or where there is no power supply. Using a dedicated 80W solar panel, we can be fully charged in just 4-5 hours. (Not Including the solar panels)
- Equipped with 3W High-Brightness Lights - It has 3 modes so that you can easily control the light switch with one hand, and quickly switch between 4 kinds of lighting modes (low brightness→high brightness→SOS→off). In the case of fully charged and only lighting, it can last about 60 hours of lighting time.
- BMS with Excellent Safety:The product is equipped with an advanced battery management system (BMS), such as temperature control, overvoltage/overcurrent protection and short circuit prevention functions, and detects short circuits and overloads when performing incorrect operations.It is widely used for school power outage, road trip, camping travel, other work lighting and home use.
