EXCELSIOR™

SALE

from \$137.39

Excelsior™ : motto of New York, Excellent, onward and upward! NYHG's answer to big sexy hops for big sexy beers!!

New York is an extremely diversified state. The Excelsior™ hop showcases New York's truly unique diversification by being the first 100% New York grown and processed hop blend! We took all of New York's best growing varieties, contacted the mad scientists at Hoptechnic® and came up with this truly amazing hop blend to maximize flavor intensity. Instead of just combining hops by there names or what they smell like we utilized our hop's thiol's and essential oils to give this blend its truly unique and mesmerizing aroma! We put forth our best so you can give your beer the best!

Why you say? Because science that's why and you deserve it!

Aroma Mango Rind, Lychee, Floral and Sweet Fruits
