Product Description

1. Upgrade materials

The garlic press is made of high-quality zinc alloy, which is durable and rust-proof.

2. Robust structure

The thick reinforced rivet structure provides a firm connection and is easier to squeeze.

3. Quickly press garlic

Orlabni garlic meat grinder can produce perfect minced garlic just by squeezing.

4. Easy to use

The large-capacity garlic grinder can be extended to an angle of about 180 degrees, which is very convenient to put the cloves into the grinder for squeezing.

5. Easy to clean

The handle can be opened and operated flexibly; it makes washing and rinsing easy and quick. Meet your needs to a large extent.

Tips:

1. If only the large cloves are peeled first, the garlic will become smoother after pressing.
2. It is recommended to rinse under the tap. The strong water pressure can easily remove the remaining garlic residue.
3. Clean the garlic grinder in time and keep it dry after cleaning.
