PRODUCT DESCRIPTION

Zexumo rolling pins, domestic Adjustable Rolling Pin with Removable Rings, Multi-Color

- Adjustable rolling pin evenly flattens dough to ensure uniform baking
- Solid beech construction with etched pastry-width measurement guide
- 1/16, 1/6, 1/4, and 3/8-inch removable discs make it simple to roll to a desired thickness
- Great for pizza and pie crusts, tarts, cookies, and more; hand-wash for best results
- Measures 2-1/2 by 16-1/2 by 2-1/2-inch

Product description

Prepare uniform dough every time

Zexumo's Adjustable Rolling Pin will take the guess work out of preparing pizza and pie crusts, cookies, lasagne sheets, and filo pastry. The rolling pin has four pairs of colorful, removable discs which raise the rolling pin to the required thickness of 1/16-inch, 1/6-inch, 1/4-inch and 3/8-inch off the counter. This clever design will ensure that the pastry or dough is rolled to an even thickness throughout. The rings are held to the rolling pin with plastic screws. Also etched into the wood is a width measurement guide. Hand-wash for best results. Do not submerge in water; dry immediately after washing.

Removable Discs

It comes with four sets of removable discs that raise the rolling surface by different amounts, to create exactly the required pastry thickness

Simply unscrew ends to change discs

Pin is made of beech wood and measures 13.6 inches long in length without the rings attached and measures 17 inches in length with the rings attached. The pin measures 1.75 inches in diameter.

Measurements on the rolling pin itself

Roll your dough to the exact size required. There are measurements in inches and centimeters etched into the wooden rolling pin.
