Product Introduction:

PREMIUM QUALITY - The stool is made of tough & durable heavy duty plastic for long lasting durability.
CARRYING HANDLE - Ergonomic carrying handle is designed for easy folding and carrying. Just lift the handle, it will fold easily and quickly in a split second with only one hand. The step stool's handle magically appears when the stool is folded flat. Allowing you comfortably carry it around so they can place it where they need it.
SQUASH and ROUND CORNER PROTECTION FEATURE - We have designed a safety stop gap feature that allows the foldable stool to prevent being squashed, great for users. Four round corner super safe protect your body from clashing. All of these design is put you safe first.
PROPER USE - The maximum load capacity of the folding step is 300 pounds, which is mainly used for indoor sitting. The step stool must be used in dry and flat surface. Mustn't place the product in the environment above 30°C and below - 5°C more than 5 hours.
