OVERVIEW

First known as the Vans #36, the Old Skool debuted in 1977 with a unique new addition: a random doodle drawn by founder Paul Van Doren, and originally referred to as the "jazz stripe." Today, the famous Vans Sidesripe has become the unmistakable—and instantly recognizable—hallmark of the Vans brand.

Constructed with durable suede and canvas uppers in a range of fresh colorways, the Old Skool pays homage to our heritage while ensuring that this low top, lace-up shoe remains as iconic as ever. It also features re-enforced toe caps, supportive padded collars, and signature rubber waffle outsoles.

- Vans' iconic low top, sidesripe shoe
- Durable suede and canvas uppers
- Lace-up closure
