OUR STORY

Port Aransas Seafood at its Finest

Grumbles Seafood Co. is a Port Aransas seafood restaurant, deeply rooted in its hometown. The local waters in Port Aransas have created a love for fishing, and we've been able to share this love with all who come. Whether it be fresh fish, shrimp, or oysters, Grumbles has shared its love of quality seafood with all who've come. Everything we cook is caught in the Gulf of Mexico—we serve nothing else. Through this, we try to spread our love of top-notch seafood with you.

Back in 2017, the devastating Hurricane Harvey attacked our coastal bend. Because of this, the area on the edge of Port Aransas in which we've called "The Wharf" was left in ruin. After the siege on our home town, we began to pick up the ruins. It wasn't until 2018 when we saw an opportunity.

HURRICANE HARVEY

REBUILDING NOSTALGIA IN PORT ARANSAS

When we saw the view that Harvey revealed, an opportunity presented itself. So, we decided to keep the nostalgic old-town feel of Port Aransas, and build a seafood restaurant. To this day, we continue our mission of bringing a good name to seafood. With this mission, Grumbles Seafood Co. has formed, and our vision for what this restaurant should be is taking shape.

what this restaurant should be is taking shape.

Grumbles Seafood Co. began with a mission—the mission to serve high-quality Gulf Coast seafood in a fun, family-friendly environment. From our start, we've been a fast-casual where family and fishermen can come "as they are"—whether coming in from the beach or boat. You can enjoy the seemingly infinite view from our large, covered deck. As well as the endless waters, you can watch the boats coming in from a days toils, unloading their catches from the day. Come down the Grumbles, and join the family! We can't wait to see you!

PORT ARANSAS SEAFOOD MENU

TEXAS STYLE SURF'N TURF.

When we established our menu, there was one thing we were driven to focus on: serving quality food. One of our promises, is that if it doesn't live in the Gulf of Mexico, then we do not serve it! Like any restaurant, Grumbles has it's favorite foods we like to showcase. To start, we have our **Famous Hushpuppies**, which we can serve with shrimp, bacon, corn, and even crab! We also have several **Fried Seafood Platters**, which includes platters like **Fried Shrimp** and **Fried Fish**. We also have an oyster bar, serving **Fried Oysters**.

In addition to that, we have a variety of **Fresh Bowls**, including our **Grumbles Chopped Salad**, and our home-made **House Salad**. We also serve various sandwiches, such as the **Fisherman's Wharf Burger** and the **Shrimp Burger with a Fried Green Tomato**. We also have several different **Starters**, but we won't list all those.

Finally, to top it all off, we have an all hands on-deck **Bar**. Here, we serve a variety of specialty house cocktails, such as our **Frozen Piña Colada**, and the **Grumbles Premium Marg on the Rocks**. We also serve a variety of **Bottle and Draft Beer**, and **Wines**.
