THE "NEW" GPS??

WELCOME TO OUR NEW WEBSITE!

We're proud of this example of our progress over the past year with our corporate up-grade initiative. In addition, we have re-designed our logo into two (2) forms:

- The full logo you see above which you see on our trucks, equipment, and employee uniforms.
- The "circle G" logo will appear in a number of places, still being determined.

We are excited to have this new, updated, colorful representation of our company and its quality work. Feel free to let us know what you think.

They also represent the changes we have made over the last year, specifically:

Greenway Property Services (GPS) has been through an exciting evolution. We have always believed in establishing long-term relationships with our clients and believe the changes we're making will support our ability to continue to, along with the dramatic growth our new vision dictates, namely, **CREATING A MORE BEAUTIFUL AMERICA, ONE LANDSCAPE AT A TIME!**

- We've expanded and deepened our management team (see the bios) to ensure that you continue to receive our excellent service while we initiate our growth plans.
- We have streamlined and modernized our already leading-edge equipment
- We will continue to serve our extensive list of existing municipal clients, especially using our specialized capabilities for athletic field construction and maintenance.
