#### Your Pup Will Love It

Durable, strong rope with knots or ball end or just a ball formed of rope. My puppy loves to swing it around, or go flying after the rope ball. She is definitely in the teething age and has spent plenty of time chewing and tugging on the various rope toys. She plays with them for hours until she mak [...]

## Its rope, and as the title sais for puppies/small dogs

Its rope and does what rope does, if your puppy is obsessed with string this will get the job done, but as the title sais these are for small dogs or small puppies, they are little ropes
