Description

Product Introduction:

No Harmful Chemicals and Poisons are used with these rat traps – Safely place them around the house without the worry of cross-contamination or foul odors

Safe to use: No poison, no glue, very safe to use. Easy to clean odors and blood.

Delivers a Fast, Humane Kill, No Poison: Our goal is to eliminate the infestation as fast and humanely as possible, and that’s precisely what our pest control traps do; The unique teeth deliver a quick kill that rats cannot escape from; No poison, messy glue, or tricky traps

Safer to Have Around Children & Pets: Not only is this the best rat trap on the market, but you'll have peace of mind knowing that it's secure to have around your children and pets because the cover keeps the traps completely enclosed; No worries about hurt fingers or paws
