XFSHZWN Solar powered lamps 228 LED, IP65 Waterproof Solar Motion Sensor Security Lights, Super Bright Wide Angle 3 Modes Wireless Wall Lights for Garden Patio Yard Deck Garage Fence Pool

- **[228 LED with Ultra-bright Solar Security Lights]** Solar security wall light has an efficient high quality polysilicon solar panel and 4 Lighting Surfaces, which will provide extra brightness and provide more visibility. The flood lights use panels with 228 LED which provides 2000lm 6500K high brightness and good heat dissipation.

- **[Enhanced PIR Solar Motion Sensor Light]** The sensitive PIR motion sensor detects your movements up to 26ft and the induction angle is 270°, which will even pick up movement from a small dog/cat easily. Perfect for keeping an eye on thieves in the middle of the night!
- **[1800mAh Large Battery Capacity & 3 Smart Modes]** The solar motion sensor light has a built-in lithium battery (1800mAh), which supports 3 modes to provide energy-efficient lighting at night. (1) Constant Medium Light Mode - it is 50% of maximum brightness and can work continuously for 8-10H. (2) Low Light Security Mode, the Light stays low light at night, and once detects motion it will turn to high light(about 20s). (3) Security Mode - once motion is detected, it works and scaring away thieves.
- **[IP65 Weatherproof & Easy to install]** The outdoor solar lights are made of durable ABS material.Solar wall security lights are weatherproof: IP65,has the characteristics of durability, weather resistance and high temperature resistance, which can withstand various extreme weather conditions. Easy to install-Just mount the light on the wall with the included screws.
- **[Widely Used & Quality Guaranteed]** The durable solar powered lights can light your garden, yard, garage, driveways, front doors, patio, backyards, walls, deck, fence, etc. 12 Month Warranty for the solar sensor lights. The solar security lights outdoor certified by FCC, CE, ROHS, PSE, IP65, please contact us If there is any problem.

Product Description

Sport sensor outdoor light solar energy for fence

In-ground 228Lled Wide-angle Solar Sensor Lights Dusk to Dawn

Unlike other solar LED lamps, we have created 270 ° wide-angle illumination solar lights for yourself. We have connected the other two LED panels to both sides of the light to provide more sufficient lighting at night. We understand that many times you can't use the outdoor lights you want, so we provide better solutions for your outdoor needs.

Service life is 30,000 hours

The In-ground LED solar lamp adopts excellent polysilicon solar panels, and the conversion of sunlight is as high as 20.5%, more energy efficient, all night.

This solar safety light can provide more than 30,000 hours of service time.

Larger and bright light range

270 ° Width angle illumination and reflector LED pearlescent solar wall light provides excellent brightness and higher lighting. The enhanced PIR motion sensor has a 120 ° detection angle that provides powerful exercise sensitivity up to 16-26 feet.
