Description

Portable: Portable design, not only for emergency power at home, but also for camping or anywhere you need power on the go. Perfect for school students to charge cell phones, laptops, iPads, PSPs, cameras, wireless headphones and more.

Multiple Outputs: Powers phones, iPads, tablets, cameras, radios, USB powered night lights, mini fans and camping scanners.

Safety & Assurance: Battery Management System (BMS) allows voltage control, temperature control and more advanced safe operation. Helps this portable power supply maintain a constant temperature and its internal electrical components will not be damaged by high temperatures. When it comes to short circuit or overload, it automatically shuts down the power to protect itself and powered equipment
