Description

Product Introduction:

Discrete Portability & Comfort – The single pump design is lightweight, compact, and portable, making it easier and less noticeable to use at home, work, or traveling.

Includes Baby Bottle – Every hand pump also comes with a small baby bottle that can store your breast milk for immediate use or kept safely in the refrigerator.

More breast milk – More milk in less time when pumping at Maximum Comfort Vacuum in the Expression phase

Portable – Lightweight design is portable and discreet, This lightweight portable manual

shield that gently cradles your skin and provides firm, yet gentle suction.

Advanced Pumping Efficiency – The smooth, easy-to-squeeze handle and improved pump seal help maximize milk production while reducing hand fatigue or arm strain.

Hypoallergenic Silicone Parts – Crafted with FDA-grade, BPA-free plastic and flexible silicone, our manual breast pump is safer for you and your baby’s milk.
