ZSJDPD Ceiling lights LED Ceiling Light, Round Modern Slim Light Fixture, Bedroom, kitchen, baby, children's laundry room, three colors in one

- A lamp, three colors: Most users don't know which color temperature (warm white / neutral is white / day) suitable for their room. The professional solution of the dumplings ceiling lamp solves your problem.

- Safety Defender] High quality refractory plastic housing prevents potential risks caused by electric shock, electric overflow or even electric short circuits. It also involves power supply designs for short circuit protection. Protect your family's safety
- Excellent reliability for long-term use: Due to years, by comparing the body of other metal products, the housing of the turn on automatically LED chandelier will not be damaged or rot. Excellent dust-proof performance, easy to clean. More than 8 hours a day, life can last for 3 years.
- Your monthly charge will be lowered and drop: no extra bulbs are required. The output brightness of the 12W ZSJDPD LED chandelier is equivalent to the traditional 200W five light bulb (40WEA) incandescent lamp holder (equal to 90% of energy conservation). Buy a good LED ceiling lamp, choose a lower power, but the brightness is high, the power consumption is higher, and the price is higher.

PRODUCT DESCRIPTION

3 in 1 CCT surface mount LED ceiling lamp

This ceiling is only 12 watts and LED technology, there is no extra bulb, easy to install, it looks pretty beautiful design is quite beautiful, it shows higher brightness than traditional incandescent bulbs. Real energy conservation and high efficiency. Your electricity bill will be lower and low. In short, less power consumption, but the brightness is high.

Ultra-thin body

This LED top lamp is ultra-thin. The height of the whole body is only 2.4 cm (about 0.94 inches). This design makes it very low and the embedded is elevated.

High quality material

The front is a narrow edge design that makes the illumination area wider and further increases the brightness output. The highest level of fire-resistant plastic materials do not have fire hazards or leakage risks to protect your family's security.

Dustproof design

The whole product is very brilliant. Therefore, dust-proof performance is excellent. No pilots or dust can be entered. Always clean.
