About Grown Wild by H-E-B:

Using gorgeous wildflowers plucked from the fields of Carlsbad, California, our Blooms floral designers create stunning bouquets and arrangements that are one-of-a-kind. Although the accent wildflowers vary from season to season, each custom creation has one showstopper in common — the sunflower! For a sunny pop of color and organic-looking texture, check out the Grown Wild by H-E-B collection.

Preparation instructions

For longer-lasting flowers, check out these helpful tips:

- Fill a vase with fresh water. Add flower food and stir to dissolve.
- Compare height of vase to height of flowers to gauge how much to trim the stems.
- To help flowers absorb water, cut stems at a slight angle.
- Remove all excess leaves that fall below the water line from the stems.
- Replace water in vase every two days and recut stems.
- Occasionally lightly mist the petals with water. Remove any buds that are past their prime.
- Place flowers in a cool area and not by heat-generating sources.
