David June 10th 2022

Luckily I have managed to see the band several times in the UK in the past, this time was special as I was there with my son, who likes the albums, but was not sure about travelling to London, from North Wales for one gig, he was blown away though & still tells his friends, if they ever come back to the UK "JUST GO"

I find it annoying, the band did a short gig (90 mins) & played 2 annoying cover versions of other bands, they have a brilliant & unique back catalogue, still a five-star review, but ditch the cover versions, I paid for a ticket to hear YOUR music !
