UNIPOWER brand makes everyday better to provide high-quality products

About this item

5x MORE BIOAVAILBLE THAN FISH OIL: Our source of omega-3 DHA is proven to be 5x more bioavailable than fish oil by a recent study.

PLANT-BASED OMEGA-3 FOR BRAIN, EYE + HEART HEALTH: Omega-3s play a major role in helping your brain, eyes, and heart perform optimally. Our DHA omega-3 supplement is sustainably sourced from algae, lessening the impact that traditional omega-3 processing (like from fish oil) can have on the environment.

PRIMARILY DHA: DHA is one of 3 types of omega-3s. We use it primarily in Head & Heart because studies suggest it may be more effective than EPA at lowering biomarkers associated with cardiovascular disease risk and increasing those that are associated with a healthy cardiovascular system.

IMPROVE YOUR MEMORY: DHA supplementation has been associated with improvement in episodic memory when taken consistently over time. In certains studies of adults with age-related cognitive decline, DHA was associated with better verbal recognition, lower heart rate, and fewer errors on a cognitive test.

NO CARRAGEENAN. NO FILLERS: Other omega-3 supplements contain carrageenan, gelatin, and other fillers that often cause inflammation. Our omega-3 DHA capsules contain just one ingredient: DHA.
