## Why you should use Hero

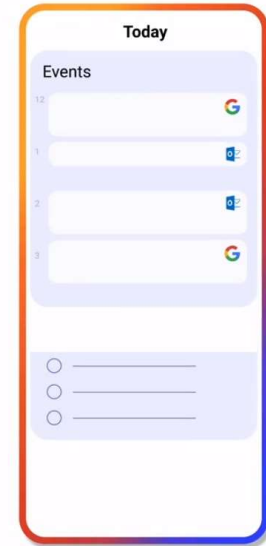

○ **Be on top of everything.**

# See your events, to-do's, and lists in one place.

No more slipping through the cracks or cross-referencing apps.

## Calendar

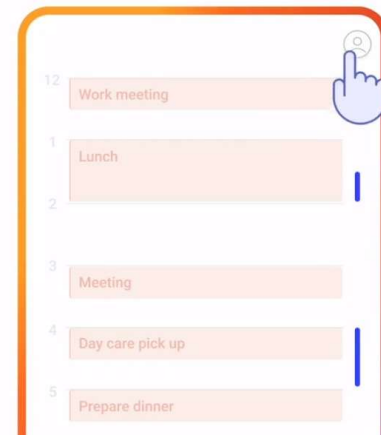

Can see Personal & Work

# Including when your partner is busy.

No more asking "are you free at this time?", or guessing when they're in meetings.

## Your Calendar

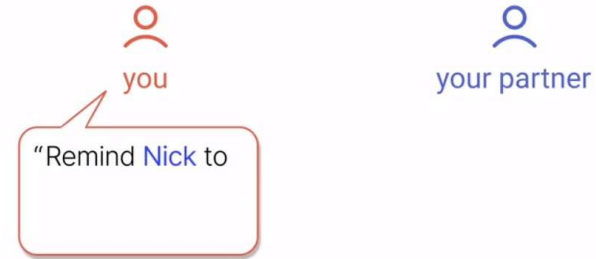

## With your partner

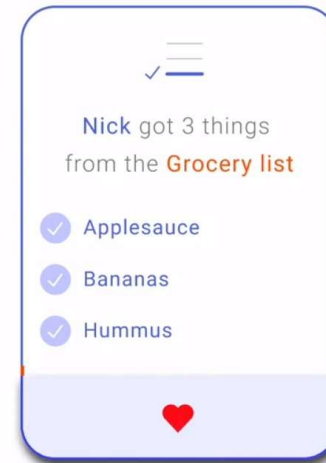

Send reminders directly to your partner's list.

No more reminding each other multiple times. It feels like magic too!

Then share the love.

As you get things done together.

So you no longer feel like this:

 **5X faster with voice.**

**Think it. Say it. Done.**

Because when was the last time

“Schedule  
**Doctor appointment**  
**June 3rd, at 5pm**”

you had two hands tree?
