

MICHIGAN—PREPARE FOR YOUR 2020 ELECTIONS NOW

Complete Ballot Packet Sorting Tabulate on Schedule Report Results Fast & Accurately

Dear (First Name),

The holidays have arrived and the 2020 Elections are hot on their heels. You don't know everything the New Year will bring, but you do know Michigan Elections will deliver thousands of ballots to your door. Preparing ballot packets in time for tabulation is your priority. Runbeck has Ballot Packet Sorting Solutions which process ballot packets in a fraction of manual processing time. The Agilis® and AgilisDuo™ work for all sizes of jurisdictions and can process up to 18,000 ballots per hour!

The advanced software technology in the Agilis and the AgilisDuo enables you to:

- Scan, log, validate and sort in 1–2 passes
- Sort all quantities
- Report results accurately
- Process packets quickly for tabulation
- Achieve full transparency and auditability

Runbeck has nearly 50 years of experience in the Election industry by protecting every vote and **Defending Democracy**. We value every partner and we give the service and attention to produce elections successfully. Let's talk one-on-one about Michigan Elections. Do you have questions about how Sorters can help your jurisdiction? Call **1-877-230-2737** or email **info@Runbeck.net** today. See quick Sorter videos at **runbeck.net/resources**.

Best regards,
