Discover true blacks and immersive sound

See how real 4K entertainment can be when you combine the deep blacks
of our latest OLED screen with powerful X1™ Extreme processing and
Acoustic Surface Audio™.²

Pictures and sound in perfect harmony

Be in the moment with true-to-life pictures and acoustics to match.

Beautifully detailed images combine with our Sound-from-Picture Reality™
for a captivating audio-visual performance.

More power, more performance,
more beauty

Our 4K HDR Processor X1 Extreme™ includes powerful real-time image processing for ultra-detailed pictures. It takes everything you watch and upscales it to near 4K HDR quality.^{3 4}

X1
Extreme

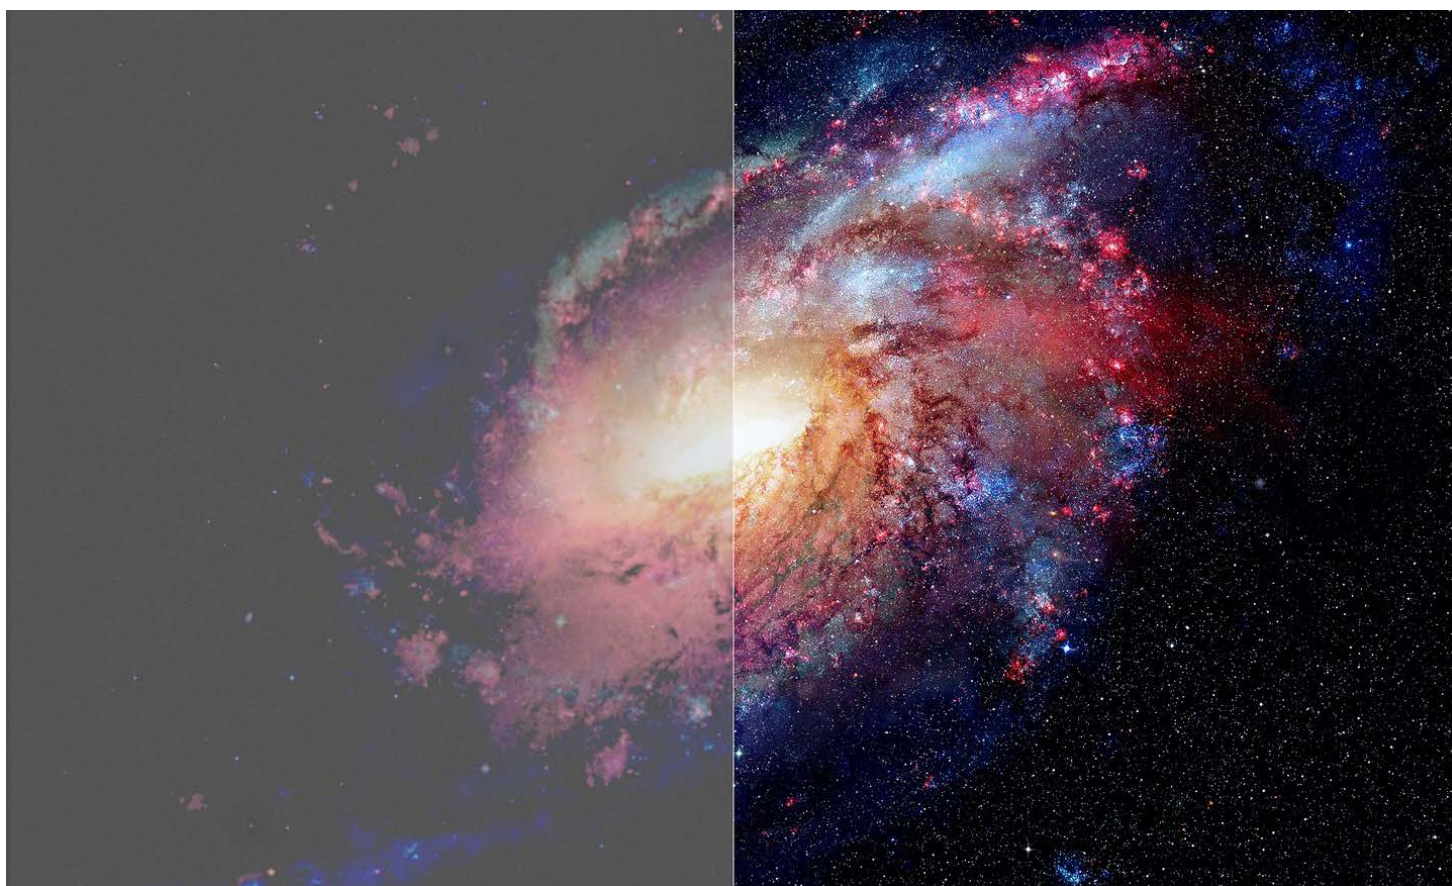

Experience unbelievable contrast

True reality comes to life with deep black and natural color. Over 8 million self-illuminating pixels are precisely and individually controlled by the Picture Processor X1™ Extreme processor. Sony's 4K OLED TV creates exquisite, unprecedented contrast.

Explore our OLED technologies

OLED

Sound-from-Picture Reality™

Unlike most TV speakers, sound comes to you from the entire screen, immersing you in exciting new entertainment experiences. It's pictures and sound in perfect harmony.

Beautiful from any angle

A clean, minimalist design keeps you focused on what's important - the picture.⁶

Ideal soundbar position

Rotate the stand 180° and it will rise up so you can easily display your soundbar. The stand blends harmoniously with the beautifully designed TV and doesn't compromise your viewing experience.

Make smart even smarter

You can ask your Google Assistant to find your favorites. It's truly effortless and offers the ultimate viewing experience. Control your Sony TV and other connected devices using your voice – there's no smarter way to run your life. [8](#) [9](#) [10](#)
