U.S. SKI & SNOWBOARD TEAMS

MEET TEAM BOSE

OFFICIAL HEADPHONES OF THE U.S. SKI & SNOWBOARD TEAMS

PUSH FURTHER. FEEL MORE.

U.S. Ski and Snowboard athletes are constantly reaching for more and refining what they do best. Bose wireless headphones are key to that drive as the entire team prepares for world-class competition. Music allows them to get locked into every run. But our headphones aren't just race day or training day gear for them—they're everyday gear. Because when you feel this great around the slopes, you want that feeling all the time.

OK

MEET THE TEAM

Each has their own story. But there's a common thread here: Music plays a huge role in the way these world-class athletes prepare, compete and unwind. Follow their stories and get a closer look at Team Bose.

ALPINE

Mikaela Shiffrin

Music impacts every part of her routine, from working out harder to staying motivated. It keeps her focused. It keeps her mentally tough. And it helps her pass the time when the workouts seem endless.

CENTERS OF EXCELLENCE

For the U.S. Ski and Snowboard team, a great run on the slopes all starts behind the scenes with an obsession on details in training, testing and performance. We put the same amount of passion, testing and detail into the performance of all of our products.

Music to match the moment

Getting amped for the moment of truth. Relaxing after a day of training or competition. Whatever the moment, the music is key. And this is a sampling of the music that Team Bose enjoys most.
