csvaper Good morning fam 😊 I recently switched to a gorgeous new e-cigarette called RELX💙, and found that it definitely is a much cleaner and less harmful alternative to regular cigarettes. Plus, they have really awesome flavors like classic tobacco, mint, mango, and lemon tea. You should check it out at www.relxnow.com and use code < CVAPER > at checkout to get a 10% discount. @relxtech #switch2relx

happyvapergirl Enjoying my RELX by @relxtech so much! Their Mango pods are so addicting and flavorful ☐ It's been a while since I've vaped a device with prefilled pods aside from the juul so this is a nice change. I stopped vaping ecig devices because I couldn't find one where the replacement pods didn't leak but since I've had the RELX I haven't had any problems with the pods 😊 I'm also really impressed with the quality and durability of this vape and really happy with the battery that lasts a good while throughout the day! I highly recommend this to anyone who uses ecigs, the flavors and nic delivery is great, you'll really love the RELX. www.relxnow.com HVG💋
