

# ARISTOCRAT

\$30.87

## ARISTOCRAT CLASS III

Simply put, Class III games are played against the house, with a random number generator determining outcomes. They include: slot machines, blackjack, craps, roulette and ‘house-banked’ card games i.e. games that are neither Class I or Class II.

Our tenacious technical team keeps us one step ahead of the competition and our passion for play keeps us motivated to take product improvements to the next level.
