Life Saver!!!

September 25, 2018

Color: Purple **Verified Purchase**

I started using a cup this year and this was my second style purchased. I always had placement/leaking issues with the last cup, but this cup was SO much better. It slipped into place perfectly, and I had no issues with removal. The lip around the top is more rigid so it pops out of the fold easily, and the bottom is soft and pliable enough to pinch to remove. Also anyone having issues with removal, squat/sit on toilet and pinch the bottom of the cup NOT the tail and push/bare down. Not that difficult. I love the bell shape, once it's in place I can't even feel it. I have had 2 children naturally and had no trouble with fit of these cups. I also find that the small cup works best on light days and the large is for the heavier days. Highly recommend this cup set!! Great for the price!

Life changer

March 2, 2019

Color: Purple **Verified Purchase**

These changed my life. Comfortable, more cost effective than maxi pads or tampons and safer than tampons and they are easy enough for beginner users. I have very heavy periods and used to ruin my clothes every month. I tried the disposable soft cups and couldn't get them placed correctly, this cup inserted easily and stayed in place, unlike other menstrual cups this one has a slight curve to it so it's shaped like the inside of your body so you don't even feel it inside.

Easy to insert

April 2, 2019

Color: Purple **Verified Purchase**

This product was easy to insert really soft but couldn't use it for 12 hours how to change it every four hours. Sometimes did have a problem of fully opening. But would recommend it if you are first starting out using menstrual cramps. Have used other cups and this was one of the easiest ones to use.

I originally had a sckoon cup that was lost. I tried two other brands to replace it before finding the Anytime cups. These cups are VERY similar to the sckoon cup. It is just the right amount of firm and soft to make it easy to use. I did cut the stem off to be more comfortable. I was surprised by the customer support given by the sellers as well. Great product and customer service. Definitely glad I found these cups!

I love my cups!! You get two sizes witch is perfect when it's your first time trying. The smaller one is for women that have lower cervix and the bigger for higher cervix. At first I had a rough time getting out. I sook found out that if I bare down it's easy to get it out. I suggest you watch some videos of how to use on YouTube.

Great cup for a first time user

March 24, 2018

Great cup. I have used several brands but I recommend these as a great first cup. The rim is thicker and pops open easier, you get both sizes to try and the shape is quite comfortable. I cut the tip off of every cup as a personal Preference but this tip was soft and flexible and not uncomfortable for those who prefer having the tip to grab.

Great fit!

These cups fit well and contour to the natural shape of your body. Soft edge makes it easier to get in and out. I prefer these over the Lena and diva cup. Good fit for shallow/low cervix.
