# Chapter 1: Introduction

TVS: 5 DOLLAR TRAFFIC SCHOOL . COM  
OLN: E1014

Welcome and thank you for choosing the California DMV licensed 5 **DOLLAR**<sup>®</sup> Traffic School Traffic Violator School. We know it's not fun to get a traffic ticket, but we want your traffic school experience to be painless, educational, and convenient. Our course uses plain English, gives you lots of examples, and doesn't bog you down with too many details. We want to change the way you are driving, and we feel the best way to do this is by changing your motivation to drive better. Rather than just tell you what you should be doing on the road, we try to give you the internal motivation to do the right thing. We also repeat the same concepts several times throughout the course, to help you pass the final exam in the end.

## COURSE OBJECTIVES

### *Reduce Traffic Collisions*

Traffic collisions can be life-altering events that in many cases could have been avoided. In this course we will cover the different ways in which you can avoid traffic collisions and become a safer driver. What is a safer way to drive in bad weather? How can you share the road, making it safer for all road users? Understanding and applying the answers to these and other questions will make the road a safer place for everyone.

### *Reduce Traffic Law Violations*

Have you forgotten when it is legal to make a u-turn? Do you remember what you need to do at a four-way stop? We will tackle all of these important points, helping you become a law-abiding driver. If you follow traffic laws you are less likely to receive a ticket. More importantly, you will also play an important part in keeping the roads safe, ensuring your own safety and the safety of those around you. The roads can't be safe if we don't all follow the law!

### *Responsibility*

Driving is part of our daily routine, but this does not mean that it is not a serious task. As soon as you sit behind the wheel of a motor vehicle, you take on a huge responsibility. Throughout this course, we will show you what an important part you play in road safety. Once you sit behind that wheel, you are no longer only responsible for yourself, but for the community of drivers and road users around you. Don't take this role on lightly!

## COURSE REQUIREMENTS

In order to pass the course, you have to read and study all the material. Remember, you have to be mentally present to study the material. Make sure you are awake and alert when you are studying! If you get tired, take a break. It's important to remain alert and focused while taking the course. To complete each section, you must take a short review quiz for that section. Each review quiz consists of 4 questions. In order to pass a review quiz, you must answer 3 questions (70%) correctly. Once you have completed all sections of the course, you will take a final exam. The final exam will consist of 25 questions. In order to pass the final exam and complete the course, you must answer 18 of these questions (70%) correctly. After you have passed the final exam, we ask that you complete the DMV course evaluation form.
