CONSULTANCY TEAM

# CONFIDENCE IN RAISING MILLIONS

Equidam is a helpful platform, but it's hard to be confident about each assumption when you are raising millions. Being at the center of startup valuation, we have the experience to work hand in hand with you and challenge each assumption to make sure you sit at the negotiation table prepared.

## **At the center of startup valuation**

Leading startup valuation forward doesn't only mean researching and developing our product, but also making sure that as many people as possible master these topics. This is why we foster initiatives and share content on everything startup and funding.

**Curated Monthly Newsletter**

**Equidam Research Center**

Articles from the best in the industry delivered to your inbox every last Friday of the month

- ✓ **READY:** Learn about the hottest startup trends out there
- ✓ **SET:** Receive advice from founders and leaders
- ✓ **GO:** Get inspired by successes of people just like you

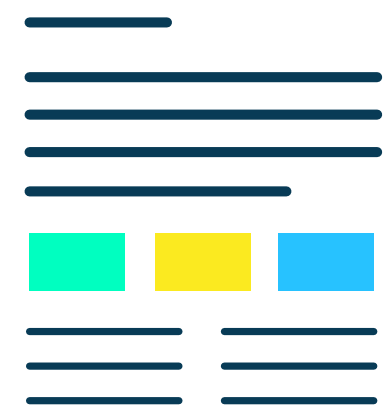

[SUBSCRIBE](#)

A community of researchers from top universities to support research on startups and innovation. Did you know that more experienced entrepreneurs forecast lower revenues?

## Make it worth it

Make it worth it embeds not only financial practices, but has also a strong human connotation. By consciously managing your company value, you make sure the company

manages its resources carefully, efficiently and fairly, maximising its contribution to the welfare of society as a whole.
