Symphony

The Symphony™ medical alert system from CVS Health® helps support your loved one's well-being and your peace of mind.

Shop one of two bundles as the foundation of the Symphony medical alert system. Then, opt to include additional Symphony devices to enhance coverage.

FOR MONITORING, SUBSCRIPTION SERVICES AND APP: Monitoring and other services in the subscription and app are provided by an independent, third party not owned or operated by CVS Pharmacy. Activation requires a recurring monthly service fee to be charged by the third party. Visit [alocare.com/page/terms-of-service](https://www.alocare.com/page/terms-of-service) (<https://www.alocare.com/page/terms-of-service>) for details.

*FOR FALL DETECTION: Fall detection does not detect 100% of falls. The equipment and medical alert services are not a substitute for 911. If you need help and are able to dial 911, you should do so.

*FOR WIRELESS COVERAGE: Service requires location with sufficient access to AT&T wireless network coverage.

*FOR MOTION SENSORS AND OPTIONAL CARE BUTTON: Requires the purchase of a basic or essential bundle and monthly bundle subscription.

Health savings account (HSA) and flexible spending account (FSA) eligible items may vary by benefits administrator and with changes in Internal Revenue Service (IRS) rules. Check with your benefits administrator.
