REMARKS

In the present Office Action, the Trademark Examining Attorney has indicated that a portion of the identification of goods is indefinite and must be clarified to identify all the goods specifically. In that regard, Applicant has amended the identification of goods by deleting the prior identification of goods and presenting a new identification of goods in line with the Trademark Examining Attorney's suggestions set forth in the Office Action. Based upon this amendment, Applicant respectfully requests that the Trademark Examining Attorney withdraw the objection to the identification of goods.

Based upon the foregoing amendments, Applicant respectfully requests that its mark be passed to publication. To the extent there are any issues remaining, Applicant's representative is available to discuss the same. Reconsideration and allowance of the present application is respectfully requested.
