★★★★★ I love Sk8ology. These decks were great

I love Sk8ology. These decks were great. I used the to build out skateboards for my little cousins at Christmas. They are a perfect shape for a cruiser-type board. At 7.5 inches, these are roughly the same size as the Penny Nickel Board (I have both). These wood decks are far less flexible, which I like, and give me a much more solid base to ride on. Would definitely buy from them again.

The seller was great at replying and very helpful. I was able to get the decks without any gloss on them so I could paint on it. Feels like great quality and the pictures are true. Loved the little gift inside. Thanks !
