How Does FanDuel Same Game Parlay work? Is It Worth the hype?

23 NOVEMBER 2021

FanDuel Sportsbook's Same Game Parlay has been a bonafide sensation in the betting world since it launched in 2019. The feature has been

the centerpiece of FanDuel Sportsbook and launched a million copycats. But does it live up to expectations?

HOW FANDUEL **SAME GAME PARLAY** WORKS

The way FanDuel's **Same Game Parlay** works is fairly simple: **you combine two different results from the same game into one wager with boosted odds.** The catch? All of your wagers have to hit in order for the parlay to be considered a win.

For example, if you wanted to combine a game's moneyline outcome with the over/under, you can do that and reap big rewards if you're right on both fronts. It makes every play that much more exciting and has taken the sports betting world by storm.

FanDuel Sportsbook

Innovator of the **Same Game Parlay**

FanDuel Sportsbook is one of the country's biggest and best sportsbooks. Since launching as a daily fantasy operator, FanDuel has become a household name to sports fans all over the country. When PASPA was overturned in 2018, the path

was clear for FanDuel to launch its own sportsbook.

Since then, FanDuel and rival DraftKings Sportsbook have remained atop the food chain of US online sportsbooks. One way FanDuel has looked to get a leg up on its constant competitor has been to introduce the **same game parlay**.

WHAT IS A **SAME GAME PARLAY**?

A same game parlay is a parlay wager consisting of multiple correlated bets from the same game or sporting event. For example, if you wanted to wager on Tom Brady to have over 250 passing yards in a game that has over 50 total points that the Buccaneers win, you could combine these three outcomes and stand to win a boosted payout if all three hit.

Also known as single game parlays, one game parlays, bet builders, or parlay builders, these types of wager have become one of the most popular ways to bet on sports. They're incredibly exciting and allow bettors to dig deeper and really invest all of their knowledge in a single game.

SAME GAME PARLAYS ON FANDUEL SPORTSBOOK

Bet types like this were already popular overseas, but the FanDuel **Same Game Parlay** was a revelation for American bettors when it was introduced in November 2019. **FanDuel was the betting site that really popularized the same game parlay in the States.**

It was an immediate hit, becoming one of the most popular ways to play on any betting site where it was available. Fans discovered that the quickest way to turn a March Sacramento Kings-Orlando Magic match-up into must-watch television was to create their own same game parlays.

Since then several competitors have played copycat, with many introducing their own versions and trying to ride the wave that FanDuel Sportsbook initiated. I would argue, however, that FanDuel's OG offering is still the best out there.

FanDuel's **Same Game Parlay** bets have a wide variety of sports available and great promotions specific to same game parlay bettors

- > West Virginia

FANDUEL **SAME GAME PARLAY** SPORTS

Users can create their own same game parlays for the following sports:

- > NFL
- > NBA
- > MLB
- > Soccer (MLS, International, and Foreign Leagues)

There are a couple of glaring omissions from the list. **Hockey fans will be severely disappointed in the lack of single game opportunities for NHL games.** This is pretty surprising, considering that the NHL is very popular and FanDuel even features live streaming of some NHL games. The addition of Same Game Parlays for NHL games could make FanDuel Sportsbook the go-to for hockey fans.

Additionally, **there are sadly no options for same game parlay betting NCAA events.** This is a bit more understandable, however, as the betting laws can get a little stickier for college sports, as opposed to pro sports. Plus, there are so many variables with college games that creating a well-researched, deep suite of same game parlay betting options would be tough.

Fanduel Soccer Same Game Parlay

Soccer fans will love the chance to bet on any number of leagues and tournaments, including the Champions League

Obviously, it's not all doom and gloom. **Soccer fans get a ton of value from FanDuel's Same Game Parlay offerings.** Whether you love rooting for your home club in the MLS, have a foreign favorite in the Premier League or Bundesliga, or just get up for the World Cup, you have tons of Same Game Parlay betting opportunities readily available at your disposal.

While football and basketball bettors may bemoan the lack of NCAA sports, NBA and NFL Same Game Parlay betting is streets ahead on FanDuel compared to other sportsbooks in the US. Many competitors only offer surface-level bets, like spread, moneyline, and over/under bets. **FanDuel goes further and allows quarter/half bets, player props, and alternate lines in their Same Game Parlay creation.**

It's one of the deepest Same Game Parlay experiences currently available in the US.

FanDuel Same Game Parlay Insurance

One of the best parts about FanDuel Sportsbook's spin on the Same Game Parlay is how much support it

receives via ongoing existing customer promotions.

FanDuel frequently offers users risk free bets or parlay insurance for Same Game Parlay bets. These promotions are offered across various sports but are especially common for NFL and NBA bettors.

NFL bettors can expect to receive a bet insurance offer on at least one game just about every week. NBA bettors receive this offer a bit more sporadically due to the different schedules, but they're still very often.

FanDuel Same Game parlay insurance offers work pretty straightforwardly. Simply opt-in to the promo and place a Same Game Parlay wager. There will be a set of conditions your wager must meet, that include minimum odds, legs, and stake that will all be readily apparent when you opt-in to the promo.

If only one leg of the parlay blows everything up, you'll be refunded your original stake up to a certain dollar number in free bets.

POPULAR SAME GAME PARLAYS ON FANDUEL SPORTSBOOK

One of the fun aspects of creating a same game parlay is how you can create the game script in your head. If you have a feel for how the match-up will unfold, you can really dig in and put your knowledge to the test.

Here are a couple of my favorite same game parlay combos on FanDuel and what my thinking is with each.

- **Spread + Over/Under** - Especially in football betting when I think one offense is in for a huge day. If the Bucs are favored by 10 or more in a game with an over/under of 45 points or less, it's logical to assume that if they cover such a big spread that hitting that over will follow suit. Maybe the Bucs will jump out to a big early lead and their opponent will get some garbage time points against a soft defense. There are plenty of ways for this combination to happen.

- › **Moneyline + Player scoring prop** - This I love for basketball. You can really analyze the narrative and figure out how a game will unfold. I know that whenever Steph Curry has an off-shooting night that I'll bet the over on his point total and for the Warriors to win because I know he doesn't stay down for long.
- › **Half-Time + Full-Time Results** - For all my fellow soccer lovers, this same game parlay is perfect. During the 2020-21 campaign, Manchester United had a tendency to pull come-from-behind victories from out of nowhere. As a Liverpool supporter, it pains me to say, but I made a solid bundle that season betting Man U to be down at the half, but be on top when the final white blew. I was usually disappointed when they won, but I cried myself all the way to the bank.

SO, IS FANDUEL SAME GAME PARLAY WORTH THE HYPE?

At *Sportsbooks Online*, we'd have to answer this question with a resounding **YES**.

FanDuel's Same Game Parlay options go above and beyond both in terms of betting options and promotional support. If you have any interest in constructing Same Game Parlays of your own, we recommend giving FanDuel Sportsbook a try.
