Product Description

Enemeez Plus is a new mini enema that is a direct replacement for the discontinued Therevac Plus. It contains the same active and inactive ingredients. Enemeez Plus offers one advantage over Therevac Plus. Enemeez Plus is easier to use. Rather than having to cut them open, Enemeez Plus has a twist off top. Enemeez Plus also ships in a plastic jar which is less prone to breakage than the glass jar the Therevac Plus were contained in.
