

Congratulations! **You are on your way to healthier skin**

TriDerma® skin healing products work quickly to help heal damaged skin PLUS minor to hard to heal skin irritations. Each product begins with our proprietary, AP4® Genuine Virgin Aloe Complex. This specialized aloe blend naturally contains over 200 healing properties. It's then combined with carefully selected, powerful healing ingredients to create maximum strength healing for even the toughest skin problems. All without the use of cortisone or other damaging drugs. This makes all TriDerma® products safe for men, women and children.

AP4® Genuine Virgin Aloe Complex contains:

- *More than 200 natural healing properties*
- *3 Natural anti-inflammatories to help relieve swelling*
- *6 Natural antiseptics to fight bacteria*
- *3 Natural analgesics to soothe pain*
- *Plus essential vitamins, minerals and natural moisturizers*

Medical strength formulas offer solutions for specific problems

TriDerma® offers products for babies, infants, teens and adults of all ages. Your skin changes throughout your lifetime and problematic skin conditions arise for the majority of people. In fact, 9 out of 10 people will be afflicted by a condition targeted by one of our products listed on the back. These products are safe to use as often as possible without side effects. In fact, the more the cream is applied to the skin, the faster it will help heal. Once the skin has healed many products can be used on a daily basis to help keep the skin healthy.

MEDICAL STRENGTH

Fast healing without a prescription.™
