

Stan Prokopenko shows an effective approach to drawing the portrait from any angle. Then study the anatomy of eyes, nose, lips, and ears. Put it all together with two full length, real-time demonstrations of how to take a portrait from start to finish. The information is presented in an entertaining way to keep you engaged and willing to re-watch the lessons.

About

Hey there! My name is [Stan Prokopenko](#), I'm an artist and teacher. Proko is a resource for artists to get good art instruction videos.

When you watch Proko tutorials you'll notice that I try to **make them entertaining while keeping them educational**. I feel that if you're having fun and enjoying the learning process, you learn better. You retain more information, you pay more attention, you're much more likely to continue learning and more likely to go back and re-watch tutorials. And it will leave you more inspired and motivated to go practice.
