About Dave

I'm 32 years old and work in international environmental conservation (working mostly in developing countries to help figure out good strategies for preserving nature and protect against climate change). I've lived on both coasts (in NJ, Boston, NYC, SF, and currently in Santa Barbara, CA) and love to travel in and out of the US and meet new people!

Tracy

Dave is wonderful friendly fun smart and polite guest. You would be tickled if every guest had his ways and manners. Thanks!
