Alaway Antihistamine Eye Drops

When allergies make your precious eyes itch, don't wait for your pills to kick in. *Alaway* Eye Drops provide itch relief in minutes and last up to 12 hours.

inflamed, and accumulate build-up around their edges.

Foreign Objects / Eye Irritants

A foreign object in your eye could be a piece of dust, grit or something larger—and mor

Infected Tear Duct

Also called dacryocystitis, this is an inflammation of the tear drainage system in one or that cause excessive tearing, and sometimes redness and discharge despite there beir presence of allergies, cold, or other concerns.

Tired Eyes

Tired eye is another term for what is commonly known as eyestrain – when eyes feel a or heavy due to intense use.

Pink Eye (conjunctivitis)

Conjunctivitis is an inflammation of the transparent membrane that lines the eyelids and eye. Pink eye is generally the term used when this inflammation is caused by certain types of bacteria

Sties

A sty is a bacterial infection near the root of an eyelash. It is a very common infection that is rarely serious, although it is typically painful.

Watery Eyes

Watery eyes happen when eyes produce a surplus of tears, or in other words, when eyes make more tears than they can efficiently drain.
